### Why are Lifestyle Screens so popular with homeowners?

These days, more and more homeowners are turning to their garages to find additional space in their existing homes. The Lifestyle garage screen system allows homeowners to do just that! The Lifestyle is a fully retractable, spring loaded system that works in conjunction with your existing garage door. Going from garage to an airy, pest free space is a snap and takes just seconds!

Go from garage to airy, pest-free space and back again in seconds!

Typically, the garage is the largest "room" in the house. Lifestyle Garage Screens allow you to get more use from this versatile space!

## Why choose Lifestyle?

The *Lifestyle* is framed with 2" x 2" architectural grade aluminum with a wet painted shell for a durable and consistent finish. The *Lifestyle* screen runs on maintenance free tracks, independent but similar to your primary garage door tracks. *Lifestyle's* spring loaded counter-balance system makes it effortless to open and close the screen and eliminates the headache of an electric opener. *Lifestyle's* optional door-within-a-door feature allows for easy entry and exit. When in use, the *Lifestyle* screen occupies the same position as your primary garage door. No other garage screen offers *Lifestyle's* broad range of features. Bottom line is, your search for a garage screen system that will give you many years of trouble free service ends here. *Lifestyle* is the only garage screen for you.
